MEGA ACTIV
SINK MY SHIPS

Players - All Sailors welcome!
Equipment - Small objects including some that are safe to throw e.g. pillows & hats!
Space - Any size!

1. Each Sailor (player) needs to choose 3 small objects. Each object is one of their ships! Sailors also need 1 soft object that they can throw.

2. Each Sailor must place their objects anywhere in the chosen playing area and then stand equal distance away from the area; opposite may be best!

3. Each Sailor takes it turns trying to hit another Sailor's ships by throwing their soft object at them. Sailors get 1 throw per turn.

4. Each time a ship is hit, it is sunk and removed.

5. The Sailor with the last ship/s standing is the winner.

GAME BOOSTS
Increase or decrease the: number of ships, the size of the ships (bigger or smaller objects), the size of the area or your distance from the area!
1 Player Version – Time how long it takes you to hit your ships; beat your PB!
