Hartington School Governors

‘For our School Governing body to be truly effective, I believe in utilising and combining each person’s strengths and talents. This makes us a strong and effective team. All our Governors have varied abilities, be that their business acumen; past teaching experience, safeguarding awareness, special needs training, sports prowess, environmental knowledge or their Christian commitment. Together we work. This is of enormous benefit to the School, its staff and our children, plus of course their time is freely given as it their committed support. I am most thankful for each one of them and all they do and fully expect us all to get better still.
